Doctoral Qualifying Exam Committee Members

Student Name: _____

The five-person examination committee normally is composed of three or four people representing your chosen track, and one or two persons representing the other track. The Chair of your three-person research/dissertation committee (i.e. your Faculty Advisor) cannot be your Chair of the examination committee. The exam committee members are to be approved by the Dean of Graduate Studies.

Please indicate in the matrix below which areas will potentially be covered by each committee member. At least 5 out of the 6 core areas must be accounted for. Committee members should explicitly agree to cover the areas marked for them.
